

HP Indigo press 5000r

A fully remanufactured digital press with high offset-matching quality

The HP Indigo press 5000r delivers unmatched digital offset and photo quality with high versatility and productivity. Capable of printing up to two million colour pages or five million monochrome pages per month, this refurbished press with a full HP Indigo warranty is a cost-effective option for medium-volume printers.

Excellent price/performance. The press is an economical solution for printers to continue to print with the robust and proven HP Indigo press 5000—offered refurbished at an attractive price.

High versatility. Seamlessly switching between jobs and media types, the press is suitable for PSPs with a diverse job mix. It provides on-demand digital printing for marketing collateral, personalised direct mail, and photo services. The press prints full colour at 68 pages per minute, 136 ppm in 2 colours, and monochrome at 272 ppm.

The leader in print quality and colour. Enabled by HP Indigo's liquid ElectroInk technology and unique digital offset process, HP Indigo prints are of the highest quality. They match or even exceed offset, allowing them to be used interchangeably.

- Up to 7 on-press ink stations enable use of HP Indigo's wide digital colour gamut, including special effect inks

- 4, 6 or 7 process colours for vivid printing and accurate on-press Pantone emulations
- True spot colours, mixed off press, for outstanding Pantone-approved solids

Wide substrate flexibility. Compatible with more than 2500 certified substrates—the widest choice in the industry—the press prints on a range of uncoated and coated papers, and recycled and other eco-friendly papers. The white ink option kit enables use of a larger variety of specialised substrates, such as transparent, metallic, and coloured media, for a wide range of unique applications.

Reconditioning programme. HP Indigo press 5000 units sourced from customer trade-ins are refurbished at the HP Indigo factory via the HP Indigo Reconditioning Programme. After a press is meticulously tested and parts replaced if necessary, it is reassembled and upgraded. The press is required to achieve print quality equivalent to a newly manufactured press. Customer benefits include:

- Latest software and RIP versions
- Original HP Indigo quality and reliability
- HP Indigo warranty, service and support
- HP financing
